HEARING EXAMINER REVIEW PURPOSE AND ELIGIBILITY

Purpose: As established by Ordinance No. O-129-97, and amended by Ordinance No. O-241-2000, the purpose of the Hearing Examiner Review Process is to permit the administrative review of minor non-controversial developments. All plats must comply with the applicable Unified Development Code (UDC) Regulations.

Creation of New Lots: To qualify for a Hearing Examiner's Review, the property must meet the following criteria:

- The development must create no more than five (5) lots.
- The applicant is not providing for the creation of any new public or private streets.
- The applicant owns no property adjacent to the proposed development, or in the event he does, the applicant shall not have submitted any other application for a subdivision of property from the total property owned by the applicant within one (1) year prior to the current plat.
- The development under review does not exceed five (5) acres.

HEARING EXAMINER REVIEW PROCESS

SUBMITTAL & ELIGIBILITY:

The proposal is submitted to the Development Review staff in accordance with the Hearing Examiner's Checklist, included in this packet. The Development Staff will determine if the submittal is complete and eligible for the Hearing Examiner's Review. Packets which are incomplete or not clearly eligible for the Hearing Examiner's Review will not be placed on the agenda.

If the packet is not complete, the Development Staff will immediately contact the applicant to correct the deficiency. If the packet is not eligible for this review, the Development Staff will immediately contact the applicant to resubmit a packet for full plat review.

PROCESSING FOR THE CREATION OF NEW LOTS:

The agenda will be set in accordance with the attached schedule, or any subsequent update to be done on a yearly basis. All eligible submissions will be placed on the agenda.

Notice will be mailed to the applicant, adjacent property owners, etc., in accordance with the applicable regulations, five (5) days before the scheduled hearing.

During the week between the mailing of notices and the hearing, the Development Review Committee (DRC) membership will review the proposals and return comments to the Development Staff.

The Development Staff will provide the applicant with the proposed conditions of approval. If the applicant agrees to the conditions, as noted by the Hearing Examiner, and no opposition has been raised to the conditions of development, a ruling of tentative approval will be granted. The proposal will then be placed upon the consent agenda of the Planning Commission and the issuance of building permits will be allowed, once all requirements are addressed.

Please note: No action will be taken on the submittal unless the Property Owner, Applicant, and/or Surveyor is present at the meeting.

If the proposal encounters opposition, or if the applicant wishes to appeal any requirements set forth by the Hearing Examiner, the proposal will be placed upon the next available Planning Commission Agenda for a full public hearing.
